DOUGLAS VALLEY ORGANIC COMMUNITY

At Douglas Valley we grow an abundant selection of organic produce.

During the growing season, farm members visit weekly to pick-up vegetable shares, cut fresh flowers and enjoy the tasting house and farm. Members purchase a share in the early spring and for 12-16 weeks, receive a selection of fresh organic produce grown right here in Manistee.

WHAT IS A CSA?

Community Supported Agriculture is based on a partnership between farmer and consumer. This mutual commitment begins with members purchasing "shares" before planting time and the farmer using the money to purchase seed and supplies. In return for your investment, members receive a basket full of produce once a week June-October.

HAREVST POTLUCK OCTOBER 1ST

At the end of the season member are welcome to bring the family and join us on the farm for a community potluck. This is a great opportunity to get to know all of the other members and have a great time. There will be u-pick apples, pumpkin patch, hay rides, a hay maze and more!

MEMBER BENEFITS

When joining our CSA, we would like you to enjoy the rest of what we have to offer at Douglas Valley. Member will receive 10% wine and cider purchases in the Tasting House during the CSA season!
